Andrew,

All of the days you proposed are currently open on my schedule. . . Oh, by the way, have the results of the second quarterly GenX monitoring been validated? Thanks again.

Roger

Hello Everyone,

This is a tough time of year for schedules. With regard to next update meeting on July 18, I can't make that time. I am available on July 19, 20, 23 and 24 if one of those days will work for you. I have full afternoon available on the 19th if we can find a time then. Please let me know what works for you and I will amend the invitation.

By the way, we have draft results for Amesville, OH and they are all Non Detect.

Thanks.....Andrew

Kelly sent additional draft results late last night. All the HFPO-DA results are included at this point, many final, but some still draft. We will include this info as a formal submission once all the results are final. I

will assume we will need to generate two submissions, one with residential addresses and the other that uses location numbers. Thanks.

Roger,

I am attaching our DRAFT working spreadsheet. We are still missing some of the draft results and some results are already final. Thanks.
